**BOOTS FOR FIREFIGHTERS
FHR 003 & FHR 004**

Rubber boots for firefighters FHR 003 & FHR 004

These are rubber boots with electrical insulation properties (model FHR 003) and chainsaw cut protection (model FHR 004), equipped with a removable thermal insulation insert/sock. Upper fronts with a protective zone made of materials resistant to chain-saw cut at 28 m/s.

Features:

- ★ Third grade thermal resistance (HI3)
- ★ Steel toe cap (SB)
- ★ Electrical insulation properties – class 0
- ★ Resistance to chainsaw cutting – level 3 (model FHR 004)
- ★ Pierce-proof soles (P)
- ★ Slip resistance (SRA) and oil resistance (FO)
- ★ High temperature resistance (HRO) – uppers resistant to flame and heat radiation
- ★ Heel energy absorption (E) above 20 J
- ★ Sole assembly heat insulation (HI)
- ★ Water penetration protection
- ★ Good user visibility thanks to reflective tapes at the back
- ★ Available in sizes 36 to 48 (French)

Conforming to the following standards:

- ★ EN 15090:2012 Footwear for firefighters
- ★ EN 50321:1999 Electrically insulating footwear for working on low voltage installations
- ★ EN 17249:2013 + AC:2014 Safety footwear with resistance to chainsaw cutting (model FHR 004)
- ★ EN 20345:2011 Personal safety equipment – safety footwear
