

RAMFAN'S EV420 40cm Variable Speed Turbo Blower Offers More Power, Higher Performance, No Carbon Monoxide and It Operates on 3kW Generators

**No Carbon Monoxide
Runs on 3kW Generators**

You Control The 2.2 HP FORCE™

From full PPV for fast clearance of dangerous smoke and gases to slower speeds for cooling overheated firefighters is as easy as turning the control knob on the control panel.

IntelliSense™ Controls The Start Up Power

This exclusive electronic control feature monitors and limits the amount of start up power to allow operation on generators as small as 3 KW.

**40 cm
Deep**

43 cm

**Compartment friendly
size and shape**

**Tilt Adjustment helps you quickly
direct the FORCE**

Our Commitment to AMCA Testing is Your Verifiable Assurance that Every RAMFAN PPV Turbo Blower will Perform Exactly as Specified.
